**Try both flavors!**

A woman with blonde hair, wearing a dark jacket over a lace-trimmed top, looks directly at the camera. She has a white milk mustache drawn on her upper lip. The background is dark and moody.

Revealing outfits and the undead. What else can't most young guys get enough of? Calcium. But there is a mouth-watering solution. Milk. It can help provide the calcium growing bones need to stay strong. A real must. Especially if you plan on sticking your neck out.

**MILK**

Where's your mustache?™
